

Boiserie Soft / Soft Wall Panels  
by CRS Pianca

IT Eleganza e raffinatezza. Superfici uniche: morbide, calde, rassicuranti e accoglienti. Una boiserie composta da fasce modulari imbottite, rastremate nella parte finale per un tocco di dinamismo e stile. La possibilità di includere un'illuminazione perimetrale aumenta l'effetto scenico, impreziosendo l'insieme e facendo emergere il letto come assoluto protagonista: unico, ricercato, regale. Opzionale, l'abbinamento a boiserie lisce in essenza o laccato, per un maggior dinamismo compositivo e materico.

EN Elegance and sophistication. Unique surfaces which are soft, warm, reassuring and inviting. Wall panels made of upholstered modular strips, tapered at the end for a touch of design and style. The option of including perimeter lighting increases the visual effect of these panels, embellishing them and making the bed stand out as the star of the show: unique, refined and regal. The combination with smooth wood or lacquered wall panels is available as an option, for greater compositional and textural dynamism.
